PLATINUM SPAS / MINI POOLS

HADES

A dedicated swim space with no fixed seats or internal steps.

The Hades is a dedicated in-ground mini pool with no internal steps or seats, leaving its swim lane open from end to end. A three-pump river-jet system creates adjustable resistance, and a top-access hatch provides a route to the equipment. Confirm the selected unit's electrical supply, base, drainage and access with your showroom and qualified installer before site work.
